

## *Eagle Mountain Pregnancy Help Center*

June 30, 2022

Dear Friends,

On June 24, 2022, The United States Supreme Court overturned *Roe v. Wade*, returning the issue of abortion to individual state governments. In the state of Texas, abortion is no longer a contraceptive option. We celebrate this historical victory!

Eagle Mountain Pregnancy Help Center is a Christian organization guided by Biblical principles. Our passion to protect the pre-born extends to the lives of the born, the parents, and the whole family. Being Pro-Life means we believe that God is purposeful in each life He creates and we are all His image-bearers. As such, we each have a calling to live in ways that represent Him as our creator and ways that impact those around us, for his Glory.

Our growing team is equipped to provide options including counseling, parenting resources, adoption connections, referrals, Bible and life skills classes, and prayer, in addition to maternity, infant, and toddler supplies.

Eagle Mountain Pregnancy Help Center is undergoing a remodel over the next two months, but we are **READY** to receive any guests who need help during pregnancy or with children up to 3 years of age.

Please continue to follow our updates and contact us via Facebook, [emphc.org](https://www.emphc.org), or calling during office hours— Mondays and Thursdays 12-6pm

Sincerely,  
The Eagle Mountain Pregnancy Help Center Team
